Body Of Man Is Found On Beach At Grand Haven

FOUND BY GRAND RAPIDS
DOCTOR; SHERIFF'S DE-
PARTMENT AT GRAND
HAVEN IN CHARGE

While walking along the beach of Lake Michigan at Grand Haven, Dr. William Visk of Grand Rapids discovered the body of a man which apparently had been washed up by the waves some time before, since when found, the body was partly covered by sand. The doctor being from Grand Rapids notified Grand Rapids police who in turn called the Ottawa County Sheriff's department, and they immediately took charge of the case. The man seemingly was drowned quite some time ago since the body when found was badly decomposed.

Sheriff Frank Van Etta stated this morning that the man was between 40 and 50 years of age and wore two suits of clothing, possibly for warmth in case he was a fisherman. Clothing of the man consisted of two suits of two-piece underwear, one short sleeve and legs, and one with long sleeves and legs; two pair of wool socks; two pair of white shoes, one plain blue; attached was a pair of grey with green stripe suspenders, Police brand; two heavy sweaters, one slightly mended and also a tanish brown macinaw. His over shoes were one-buckle and had red soles. For extra warmth, the shoes were lined with newspaper. The papers bore the date of March 2, 1939.

The man's hair appeared to be of a reddish brown. He was about 5 feet five inches tall. The body was taken to the Van Zantwick Funeral home, and burial was made in Grand Haven Thursday.

It is thought the man may have been a fisherman or otherwise a transient. Sheriff's officers were checking with coast guards in an effort to identify the body.

STOCKHOLDERS OF TWO ZEELAND BANKS ADOPT NEW ARRANGEMENT; WILL HAVE ONLY ONE BANK

Beginning July 1, there will be only one bank in Zeeland, if plans arrived at between the officers of both banks are carried out. Recently the two boards of directors came to an agreement by which the Zeeland State Bank should purchase the assets of the State Commercial and Savings Bank and assume the liabilities of that bank.

This plan was submitted to the stockholders of these banks for adoption this week, and the result was approved at both meetings. The stockholders of the State Commercial and Savings Bank met at the bank offices Monday afternoon, when all but a very small part of the total bank shares were represented. The vote at this meeting was a nearly unanimous adoption of the plan presented. At the stockholders meeting of the Zeeland State Bank held at the city hall Tuesday afternoon, a like decision was reached by a similar vote.

In order to facilitate the completion of the deal, a special holding committee was appointed, comprising John Wickers, Len Stillkamp, and Fred Kieft to liquidate the State Commercial and Savings Bank, and to hold in trust and residue that may accrue. All stockholders will be paid out in cash at par, and any surplus resulting will be paid out in cash as soon as liquidation takes place, which is expected at or shortly after the transfer is completed.

Re-Routing The Tulip Lanes Made For Next Year

MORE THAN 10,000 EXTRA
TULIP BULBS TO BE SHIPPED
FROM THE NETHERLANDS

The Tulip Lanes subcommittee composed of Mr. Benjamin Brouwer, Mrs. Arthur Vischer, Mr. John Van Bragt, and Mr. S. H. Houtman, announced that 11,200 bulbs were to be used in the new plantings for 1940.

The list of varieties chosen is being turned over to the City Clerk, Mr. Oscar Peterson, who is to advertise for bids. The bulbs will be shipped in from The Netherlands. They will be 11 cm. in size.

The Tulip Lanes will be changed to become a complete circle. Wherever trunks cross the lanes there will be signs reading "Enter Tulip Lanes Here." In the past, many visitors entering the city fell in with the eastbound traffic on the lanes and dropped out when they reached the end, thereby missing the entire plantings on the west side of the city.

It is hoped that the circle idea will cause them to continue on the lanes all the way around until arriving at the point where they entered.

It was also suggested that yellow cardboard bands might be placed around trees and poles to indicate the Tulip Lanes. There will be a few changes in the lane routing. The Lawndale Court route will be left off the list and the lane continued down State Street from 19th to 28th. This is to avoid the many corners in the present route and also the sections that are without curb.

Columbia Avenue will be left off the new lanes except along Prospect Park. From Columbia to College Avenue the lane will go east on 22nd then down College to 12th, then west on 12th to Pine, then south on Pine to 14th where it will join the original route which goes west on 14th.

James Fox and C. A. Shumacher of Grand Rapids, tried their hands at fishing on Wednesday afternoon and caught one hundred and fifty. They expressed themselves as highly pleased and said they never knew Black Lake to yield as much fish as this season.

All over, but especially at the village of Zeeland can we notice more painting going on than during the last three years. "Silas," the popular colored bus driver of the City Hotel, celebrated the sixteenth anniversary of his arrival in Holland last Wednesday. He says he came here "broke" and he has since held his own and always been "busted." Note: Old "Silas" was quite a character. He was never known to get angry. His big bass voice could be heard a block when he started his team to the depot. Being polite and helpful was his "middle" name. He was tall and angular and was popular with the traveling public and

INTERESTING NOTES ON GENERAL SYNOD OF REFORMED CHURCH OF AMERICA

By Rev. James Vanderbeek, Pastor of Sixth Reformed Church

The General Synod of the Reformed Church in America convened June 8-13, in the West End Collegiate Church of New York City.

It is an elegant, commodious edifice a few blocks from the Hudson River. On its cornerstone is inscribed "Organized in A. D. 1828."

The Rev. J. A. Dykstra of Grand Rapids was elected president; Prof. Irwin J. Lubbers of Central College, Pella, Iowa, vice president. Approximately 200 delegates responded to the roll call.

The retiring president, the Rev. J. Harvey Murphy of Hudson, N. Y., delivered the message. There is a great famine in the land. Jesus, the Bread of Life, is the crying need of the hour. He must be preached at a time like this. His report on the state of religion was arresting and challenging. No appreciable growth, a decrease in contributions. The Synod was deeply stirred and frequent prayer was called for as the various items of business were considered.

Greetings were received of several religious bodies. Of special interest was that of Dr. Cr. Aalders of the Free University of Amsterdam. He informed us that this university had but four professors, 23 professors and about 500 to 600 students in all.

A gavel was presented to the president by Rev. J. J. De Boer of Vellore, India. The gavel was made by the industrial school of Dr. B. Rotschafer.

The Rev. Simon Blocker of Holland, Michigan, was elected to the chair of Practical Theology of the Western Theological Seminary and the Rev. Norman V. Hope of Edinburgh, Scotland to the chair of Systematic Theology in New Brunswick Theological Seminary.

The reports of the educational institutions, the academies, colleges, and seminaries were optimistic and indicated advancement. Their work was commended by Synod.

The Contributory Annuity Fund, a new plan for care for aged ministers, was urged by Synod for all churches in view of the fact that it is a plan that works, but more particularly because the Federal Government is determined to care for the aged and if the church does not the government will by the extension of the Social Security Act. This implies that the government will tax the churches to provide for its laborers in old age, which in principle involves the surrender by the church of the power of its own monies.

On Saturday forenoon, while the grand parade of the King and Queen of England was passing within a few blocks of the church, Synod was all absorbed in the vexing problem of pastoral exchange and paid no heed to the confusion and blare of auto sirens outside. If any played hockey they were few indeed. This knotty problem—to suggest it is to aggravate it if not create the very restiveness in pastors and churches which it seeks to remedy and emphasizes the human element rather than the Holy Spirit in the business of saving souls—was frankly and earnestly considered. It was apparent that Synod did not favor the Methodist Episcopal plan of a presiding elder, nor was it fully content to abide by the time-honored present system in vogue in most of the Protestant churches. Synod adopted a middle course by appointing two committees, one for the Eastern section and another for the Western section of the church to serve with advisory power only where such service is desired.

The church house located at 25 East 22nd Street had suffered irreparable damage by fire. To rebuild was not to be thought of. A new home for the church headquarters was found by a ten-years' lease of a floor in a building at 156 Fifth Ave. This building houses the headquarters of many other church organizations and agencies.

The special committee appointed a few years ago to prepare a complete series of well graded books for catechetical or Week Day Bible schools reported progress and expressed the hope that by next year the series may be ready for use.

Synod gave special emphasis to the following: the observance of the Lord's Day; total abstinence from alcoholic beverages as the only safe course for a Christian; opposition to every form of gambling; the Bible as the only antidote for all subversive philosophies, civil or religious; the conversion of the Jewish race and avoidance of all anti-Semitic influences; sympathy for China and persecuted minorities in other lands; the un-Christian spirit of totalitarianism whether Communism, Nazism, or Fascism; and the settlement of national disputes and differences by conference and arbitration rather than by war.

Strange that such a matter as the reform of the calendar should engage the attention of a religious body as the General Synod. It endorsed the calendar proposed by the League of Nations. This calendar proposes that Jan. 1 of every year be Sunday, Easter on April 8, and many other interesting changes that fix or stabilize holidays. This calendar was endorsed by 14 nations and a large number of religious bodies and religious leaders

DOGS MUST BE QUARANTINED; POLICE WILL AID TO ENFORCE LAW

About two weeks ago an order for a 90-day quarantine was issued for all dogs in Ottawa county and notices were published in the several county papers so that citizens might be informed of this fact. However, it seems that a large number of dogs are still at large and Poundmaster Tony Beyer has a big job on his hands. So much so in fact, that Police Chief Ira A. Antles states that the police department will serve in cooperation with Mr. Beyer to enforce the ruling.

Chief Antles states that Mr. Beyer has handled almost 500 dogs in the past few years, of which only 42 have been claimed. Mr. Beyer has also given warnings to approximately 600 dog owners, in many instances giving five or six warnings to one person. Chief Antles states that while the police are not going out to kill every dog at large, yet he feels that warnings should not have to be given repeatedly, and citizens are expected to comply with the ruling made. Under the state law, police officers have the power to kill a dog without being subject to liability.

The quarantine is on for good reasons, the safety of citizens being most important, and all should aid in enforcing it.

Mrs. John Vos of Holland and Miss Delia Smidderks of Zeeland entertained with a miscellaneous shower at the Smidderks home, 138 South Elm Street, Friday evening, honoring Miss Dora Westveld, who is soon to be a bride. The choir of Sixth Reformed church enjoyed their annual banquet in the church parlors with about 40 members and guests present. Invocation was led by Louis Dalman, member of the music committee. After the dinner, which was served by the Ladies Aid society, members of the choir held a private business meeting, and during that time the guests enjoyed games. Mrs. Sam Plagenhoef was re-elected president; Mrs. Arthur Vanderbeek, vice president; Mrs. Jacob Van Voort, secretary and treasurer; Mrs. Herbert Wybenza, assistant; Virgil White and Melbourne Cloud, librarians. A play, "The Family Holdback" was also given. A Prof. Quiz program followed, with William Jekel as professor and Arthur De Ward as the announcer. Mrs. Jacob Van Voort won first place, and Louis Dalman, second. Other contestants were Mrs. Arthur Vanderbeek, Miss Vera Vanderbeek, and John Molloy. Lollipops were given each contestant. Misses Vera Vanderbeek and Mildred Herman sang a duet, accompanied by Mrs. Arthur Vanderbeek. Herman Cook, director of the choir, gave a brief talk, and singing of hymns closed the banquet.

This calendar was endorsed by 14 nations and a large number of religious bodies and religious leaders

everywhere, including the Pope of Rome.

The situation on the mission fields in foreign lands was described as being tense in Japan, in upheaval in China, bitterly nationalistic in Arabia. Only India is optimistic. Sad as this may be, sadder still is the fact that the churches had contributed less for foreign missions this year than the previous so that a deficit in this great work of \$22,000 faces the coming year. There are fewer missionaries than heretofore, the total number being at present only 135.

Equally challenging was the report of Domestic Missions. The various fields passed in review before Synod: the Indians of the Plains; the Mountaineers of Kentucky; the Hungarians; the Italians and the Japanese of New York City and vicinity; the school for negro children at Brewton, Ala.; the Mexicans at Chiapas, Mexico and some unchurched communities in the vicinity of our churches. Challenging as is the great need in our own land, it is all the more so since contributions for this cause were less by \$6,470 than last year.

Synod accepted the invitation of the World Council of Churches; arranged to have reports and overtures that are to come before Synod of printed and in the hands of delegates before meeting of Synod; granted emeritus to two seminary professors, the Rev. John H. Raven of New Brunswick and the Rev. A. Pieters of Holland, Michigan, and attended to many other matters, many of them routine in nature and adjourned late Tuesday afternoon.

It was a Synod characterized by a frankness of discussion, the frequent call for the singing of Dutch psalms, prayers following and sometimes preceding very important action, and a most beautiful brotherly spirit that cheered and edified all the delegates present.

Sacred Days

The two holidays of late spring and early summer, Memorial Day and the Fourth of July, are basically of patriotic and political character, in contrast with the holidays of fall and winter, which are religious in origin. Yet it is proper to remind ourselves of the sacred significance of days celebrating the founding of our nation and honoring the memory of its defenders.

In earlier years the American people observed these days in more serious frame of mind. The obligations of citizenship and the debt of gratitude due the soldiers were recalled and young people sharing with their elders in the programs were led to appraise more highly the privileges bequeathed to them through the toils and privations to their patriotic ancestors.

Merely to recall these facts is to cite the contrast with our present-day celebrations.

One need not be accused of taking the joy out of our modern ways of living by asking for a more serious attitude toward these great occasions. The problems of our country have not all been solved. There still is need for serious contemplation of the nation's future. No better preparation for wise decisions in safeguarding our democratic institutions can be found than in regaining the attitude which once was maintained toward Memorial Day and the Fourth of July.

Babies in Cars

(Detroit Free Press)

The other night a Detroit woman lost control of her car because she took her hands from the wheel to save her two-year-old son, playing on the seat beside her, from falling to the floor of the car. Her automobile swerved across the traffic lane, smashed into another car and careened against two more. Fortunately the occupants of the cars escaped with no greater injury than cuts on their faces.

This illustrates a traffic danger for which the parents of infants and small children are directly responsible.

When a baby or an active young child is taken to ride in a car, another adult should preferably be along to hold the baby or look out for the child. The driver of the car should be free to keep his or her attention fixed on driving.

If it is not possible to have another person, a tiny baby should be placed in a basket or bed securely fastened in the back seat and a youngster, such as a two-year-old, should be provided with a special seat into which he can be strapped, his little hands out of range of wheels and gear shift lever.

Such arrangements may mean a little extra trouble and expense for the parents. In the end they mean safety, not only for the little folks, but for all the driving public. An automobile is a means of transportation, not a nursery, on wheels in which a small child can be at liberty.

Lester Van Tatenhove, who left for Los Angeles to enter a summer school, was honored at a farewell party previous to leaving. Games were played, and a two-course luncheon was served by Mrs. J. Van Tatenhove.

Guests included Ernest Tirrell, Adelaide Kookler, Muriel Hard, Vera Danstra, Glenn Loveland, William Westover, June Cook, Mr. and Mrs. Preston Shaffer, Mr. and Mrs. Milton Span of Grand Rapids, David Christian of Lansing, and Howard Vandenberg of East Saugatuck.

Mrs. Neal Mills of Los Angeles, Calif., who has been visiting her parents, Mr. and Mrs. Cecil Huntley, 70 West 14th st., has returned to her home after having visited the Huntleys here. Mr. and Mrs. Huntley went with her and expect to be gone at least a month, stopping at Carlsbad, N. M., Santa Fe, N. M., and Las Vegas, Nev.

Mrs. Ben Herrick, 227 West 12th st., was taken to Holland hospital last week after having been ill for about a week.

SEVERAL YOUNG FOLK INJURED IN ACCIDENT

Miss Geneva Meeuwse, age 19, 36 Colonial Ave., Zeeland, and Miss Molly Shoemaker, age 18, 20 West Central Ave., Zeeland, are confined to Zeeland hospital for injuries received in an accident occurring one-fourth mile east of Holland on M-21. A crude oil transport truck and two automobiles were involved. Miss Meeuwse received fractured ribs, head injuries, and a broken nose. Miss Shoemaker also suffered a fractured nose, head injuries, and also injuries to her left leg. Miss Meeuwse was driving, and the two were thrown through the windshield.

Five boys occupying the back seat of the Meeuwse car were: Warren Vander Ploeg, 16, 102 East 10th St.; Wallace Vander Ploeg, his twin brother, Richard Elgersma, 17, 128 E. 17th St.; Bernard Zuidema, 19, 143 East 17th St.; and Arnold Styf, 17, 143 East 10th St., Holland.

The other car, driven by Leon Nies, 18, 58 West Cherry St., Zeeland, attempted to pass the Meeuwse car at a high rate of speed, and to avoid hitting the truck ahead of the Meeuwse car, he swerved to the side of the road, and his car overturned twice, skidded down the ditch, and struck a culvert.

Miss Meeuwse seemed to become confused, and her car crashed into the truck ahead of her, which was driven by William Scheele, 26, 228 North State St., Zeeland. The truck, carrying 110 barrels of crude oil, was disabled and it took some time before it could be removed from the highway.

Those with Nies were Willard Taylor, 16, 34 Lincoln Ave., Zeeland; Rosabel De Haan, 19, 38 South Elm St., Zeeland; and Marion Lanting, 16, 430 Central Ave., Holland. They were treated for bruises at Holland hospital, and were released.

AWARDS GIVEN AT SCOUT CAMPOREE

The patrol camping contest was an important feature of the annual camporee of the Ottawa-Algonquin council of Boy Scouts. Judging of this contest began at 6 p. m. Friday, and ended at noon on Saturday. One hundred and seventy-four scouts in 23 patrols of 17 troops of the council participated in this event, which was at Dunton's woods near Beechwood school.

Prof. Clarence Kleis was chairman of the court of honor for Holland, and he made the awards for all the events. Ten patrols were rated as "A", and six of them were Holland patrols. They were rated on use and selection of camp site, menu and preparation of food, demonstrated leadership of patrol leader, safety, prompt schedule, cooperation and other general camping techniques.

Scout Commissioner William Vandewater, Sea Scout Commissioner Chester LaShagway, sea scouts of S. S. patrol, troop 10, Methodist church, and Officer Jerry Vanderbeek, of Holland; and Scoutmaster Lloyd Brown of Coopersville were the judges.

Robert Prins of troop 9 won first place in the bugling contest; John Klopp of troop 96, Hopkins, second; and Bob Scheerhorn of troop 6, third. Judges in this contest were Eugene Heeter, Stuart Ludlow, and Victor Chervin.

YOUTH'S DREAM

THIS handsome hotel, the Del Prado in Barranquilla, Colombia, is the last chapter in an Horatio Alger story centered around a young mining engineer, an old pasture and some straggly mud huts which he transformed into a modern city. The story goes that this young chap went to Colombia just two months after graduating from college and ascended into the gold-filled mountains with his bride to make his home and his fortune. After finding enough gold to start them on their way they decided to leave their mountain home and settle in the little town of Barranquilla, 17 miles from the sea, on the Magdalena River. The little house they found which they liked, the owner refused to sell without the very extensive pasture, *el prado*, which joined it.

New Ruling On Sales Tax on Trade-in Autos

MUST BE PAID ON NEW MERCHANDISE, DESPITE TRADE-IN

(Muskegon Chronicle)

Dealers in automobiles, appliances and other merchandise, where it is customary to allow for trade-in in goods, are studying a recent opinion of Attorney General Thomas Read of Michigan, ordering full payment of the sales tax on such transactions.

According to the attorney general's ruling, a dealer must pay the three per cent sales tax on the full price of new merchandise regardless of any allowance for trade-in goods. Likewise, dealers in used merchandise, such as automobiles, must also pay the sales tax on the full allowance in original transactions.

Here is how the change in the law is explained by the Chamber of Commerce:

A customer buys a new car for \$1,500, receiving an allowance of \$500 for an old car. The dealer must pay the tax on \$1,500. Next, another customer buys the second-hand car in the first transaction, paying \$450 for it and receiving an allowance of \$250 for his used car. The dealer may deduct from \$500, the price allowed for the used car in the first transaction, the \$250 allowed for the used car in the second transaction, paying the tax only on \$250 as a result of the second transaction. The same rule is applicable on subsequent transactions where similar trade-ins occur.

In the case of dealers in second-hand merchandise, tax must be paid on the entire price of an original sale involving other trade-in merchandise but they may deduct from the amount of the trade-in on an original transaction the amount allowed for a trade-in for similar transactions thereafter.

The deduction is authorized only on goods of like kind and nature. Thus, the rule would not apply in a transaction where, for instance, a refrigerator or a team of horses, should be taken in trade by a dealer on the sale of an automobile.

1939 "Footprints" Distributed at Christian High

The Holland Christian high senior class has published a 112-page annual, the tenth volume of the "Footprints." The books are very attractive, the covers being of maroon leather. The class has dedicated the volume to the Monica and Eunice Christian School societies.

Features of the seniors are shown in pairs, as pages of a book, with a quill for the background. These follow the literary theme. The school seal is on the top of each page in a red bar.

One page contains appreciation extended to Miss Margaret Gerritsen for "her ability as a teacher, her ideals, cooperation, sympathetic attitude and inspiration." The picture of Supt. John A. Swets and his message to the seniors takes up another page.

The entire faculty, school board, and junior, sophomore and freshman classes are pictured. The prize-winning essays of Marvin Vander Vlies, Richard De Ridder, Corrine Pool and James Wildschut are printed in the literature section. In the activities section are all the athletic teams and the various clubs.

Finally, the junior high department and the primary grades are pictured.

Miss Ruth Van Oss was honored at a shower given by Misses Isabelle Van Ark and Lucile Ver Schure at the Ver Schure home. She will become the bride of Robert Freeman of Flint in July. Bridge was played, the high prize going to Miss Agnes Van Oostenbrugge of Grand Rapids. Miss Van Oss received a guest prize. She was presented with several beautiful gifts. A delicious two-course luncheon was served. About 16 guests were present.

The marriage of Miss Pauline Mitchell of Owasco, daughter of Mr. and Mrs. Paul Mitchell, to Simon Dykema, son of Mr. and Mrs. Sybrandt Dykema, 152 West 19th St., Holland, was announced. The ceremony will take place at the home of the bride's parents on June 30.

Mrs. Minnie Plakke, who has accepted a position as stewardess on the Alabama, was honored at a farewell party at the home of Mrs. Fred Slagh. Several friends were present, and Mrs. Plakke was presented with a gift from the group.

HOPE COLLEGE NEWS

Reverend John E. Kuizenga, D.D., Professor of Apologetics at Princeton University, will inaugurate a new type of Commencement exercises at Hope college when he delivers his address on June 21, at 7:30 P. M. in the Memorial Chapel. The senior class is also privileged to have Reverend Norman Vincent Peale, D.D., of the Marble Collegiate Church, New York, present the Baccalaureate sermon on June 18, at 7:30 P. M. in the chapel.

This year's commencement exercises will be a distinct departure from that of last, when five students gave addresses. Oliver Lampen, valedictorian, will be the only student speaker, though Clifford Kuizer receives the honor of being salutatorian. In keeping with tradition, names of those students who attain Magna Cum Laude, Summa Cum Laude, and Cum Laude diplomas will be withheld until Commencement.

Dr. Peale, who incidentally broadcasts every Saturday night over the N.B.C. networks, will speak on "The Fate of Our Society" as his Baccalaureate sermon.

Dorothy Vanden Bout will open the Commencement program with an organ prelude following which the graduates will form a procession. Dr. N. Boer will give the invocation and Oliver Lampen will then deliver his valedictory. John Olert and Cornelius Steketee will play a trumpet duet preceding the commencement address. The Girls' Vocal Trio, consisting of Gertrude Young, Mary Jane Vaupell, and Thelma Kookler, will then render a few selections following which honorary degrees and certificates will be conferred. The Senior Chemistry prize, Bible prize, Girls' gold medal for outstanding athletic participation, and other honors will also be awarded at this time.

The Senior chorus will conclude the musical numbers of the program and Dr. Boer will lead the Doxology and give the benediction. Dr. Kuizenga is well known to most residents of Holland and graduates of Hope college for he was at one time Professor of Bible and Philosophy here.

Next year's Sophomores elected Kenneth Vanden Berg to be president of their class Monday. Chosen to the minor positions of vice president and secretary-manager were Bud Morgan and Lorraine Timmer, respectively.

Named new president of the Juniors-to-be is Robert Dykstra. The sophomore class elected him Monday forenoon and with him as aides, Cy Voigt, vice president; Robert Rawson, secretary; and Robert Swart, treasurer.

By a five-vote margin, Edwin Luideus was elected student council president last Friday. Of the 327 votes cast, Luideus received 166 and his opponent, Dean Dykstra, 161.

The two contestants were the highest scorers in Thursday's election, in which five juniors were running. Dykstra led the primaries with 102 votes. Luideus was second with 90; Althea Raffeland, third, with 70. Kenneth Honhold, fourth, and Allison Vandenberg fifth in the presidential race.

Rotary Club is Addressed by Dr. Ten Have

At a meeting of the Holland Rotary club Thursday noon in Warm Friend Tavern, members were shown a sound film by Dr. R. Ten Have, "The Enemy of Youth," which portrayed Mr. Society being tried for murder and criminal negligence for having failed to detect and treat cases of syphilis. The picture explained that positive cases are determined by means of blood tests and that half of the infections are acquired between the ages of 20 and 30 years.

The picture also brought out that it was important to instruct the youth of the disease and teach them to avoid infection. This picture was released by the American Social Hygiene association.

Dr. Ten Have told the club that the state had disclaimed responsibility for treating cripples from June 1 to July 1, when there would be a new appropriation. He suggested that the crippled children's funds of the Rotary club be used to meet any emergency orthopedic case that might arise during that time.

He continued by telling of the operations of the state orthopedic organization, and said there were fourteen or fifteen clinics active in Michigan, and all require an orthopedic surgeon before state aid is given.

C. Van Riper, professor in the department of speech correction at Western State Teachers' college, Kalamazoo, and one of his students, Edward Shulman, demonstrated to members of the Holland Rotary club at their meeting in Warm Friend Tavern Thursday noon the correction of speech defects, especially stuttering.

The professor stated that stuttering was caused, and cured, by a physical change or injury. The actual cause has, however, not been discovered. He named famous people such as King George and Moses as stutterers. He said stuttering was a nervous impulse and the action was on one side of the body and not on the other.

Prof. Riper said that he had once stuttered so badly that he had even contemplated desperate measures. That is what several stutterers do, because the mental agony often tends to make them psychopaths.

The student, Mr. Shulman, said that he had reached his present fluency during the past year, and previous to that time he often had to try for three or five minutes to get over a stammering block or "Jonah."

Other numbers on the program included Ronald Rowland, cornetist, who played two numbers; and Capt. H. Kohler played a vibra harp solo.

Major Clare Edwards of the local Salvation Army introduced Brigadier H. Burtenshaw, prison secretary for 13 central states, who presented two members of the Chicago Salvation Army band. Mr. E. E. Fell, superintendent of Holland public schools, was in charge of the program.

Betty Young AT YOUR SERVICE

For most of us, grownups and children alike, there is something irresistible about fragrant odors of fruit juices cooking in the kitchen announcing that jelly season is here. And to the homemaker there's that indescribable feeling that comes when these colorful jellies are in trim rows on the shelf.

However, not all housewives have yet learned to take the guess-work out of jelly-making. The secret of putting the "jell" into jelly lies in using sugar, acid, and pectin in the right proportions and proper cooking.

Either beet sugar or cane sugar may be used in jelly making. Unless the fruit in underripe or very tart, add 1 tablespoon of lemon juice for each cup of fruit juice to give jelly a better consistency and flavor.

Some fruits contain too little pectin to jell their own juices and must be combined with commercial pectin. When commercial pectin is used, follow directions on the package. The use of commercial pectin makes a good "jell" in saved cooking time and as a general rule results in a better colored product.

As a rule, best results are obtained working with small lots of juice, 6 to 8 cups. This quantity boils down rapidly and the short cooking retains fresh fruit flavor and color and makes jelly of the best texture.

Fruits should be carefully picked over, removing the blossom end and decayed parts. Skins should not be removed. Juicy fruits need very little water when extracting the juice, but fruits like apples should be covered with water before cooking. It is best to cut large fruits in pieces for best extraction. Cook the fruit over full heat until the water boils in a covered pan, then reduce to a simmering speed and continue cooking until the fruit is tender. Turn into a jelly bag and allow to drip through. Do not squeeze bag as this results in cloudy jelly.

Second extractions may be made from some fruits, as crabapples, grapes, apples and currants. Cover pulp with water, heat gradually and allow to simmer 30 minutes. Turn into jelly bag and allow to drip through. Keep this juice separate from the first extraction. The flavor is good but the jelly will not be as clear.

To make jelly combine the sugar and juice; bring to the boiling point over full heat, stirring only until sugar is dissolved. Boil rapidly until jelly test is reached. Quantity of Sugar to 1 cup Juice

Fruit Juice	Cups Sugar
Apple	1 1/2
Crabapple	1
Blackberry	1 1/2
Dewberry	1 1/2
Gooseberry	1
Grape	1 1/2
Plum	1 1/2

For the jelly test, dip a large metal spoon into boiling syrup; lift up so jelly runs down the sides. As the syrup cools down it reaches a stage when it separates into two distinct lines of drops which "sheet" together. Stop the cooking as soon as the boiling syrup starts "sheeting."

Skin off film from hot jelly, pour into hot sterilized glasses. Pour a thin layer of melted paraffin over jelly; when cold, prick bubbles and pour on second layer. When cool, wipe glasses clean, cover with jelly cap, label and store in cool dry place.

Two pounds of prepared fruit yields about one pint of juice. One pint of juice (2 cups) with an equal amount of sugar yields about one pint of jelly.

popular that they will be continued through the summer. The movement has been sponsored by the Woman's club and the Merchants' association has cooperated to furnish assistance for their continuing.

At a meeting of the Fennville village council Monday night, it was voted that the first Monday in each month should be clean-up day in the village, the junk to be taken away by the village as it has been the custom to take it once each spring. APPRENTICESHIP TRAINING PROGRAM MAIN ISSUE AT SCHOOL BOARD MEET

At the regular monthly meeting of the board of education in Holland high school, Adrian Trimp, who is connected with the apprenticeship training program at Pontiac, told members of the board the advantages of such a plan, stating that in schools where this method is prevalent, students graduating receive not only a diploma, but also a certificate of having completed work in that training. Mr. Trimp is a former resident of Holland, having graduated from Holland high school.

School trustees had voted to obtain information concerning this program from the vocational division of the state department of public instruction, who would make a survey and thus determine if such a plan could be carried out satisfactorily in this school district.

Grand Haven and Pontiac are two of 80 Michigan cities to use this plan, Pontiac having adopted it three years ago, and Grand Haven two years ago. It has proven to be a worth-while undertaking in most places.

Mr. Trimp stated that this type of plan needed support and cooperation of the Chamber of Commerce and occupational groups, including merchants, doctors, and dentists, and of newspapers, who would give stories adding it. Talks before clubs and organizations of the parents also was an important factor in boosting it.

The speaker pointed out that it was not a part-time job, as some supposed, but was part of the student's training, the student spending a half day in school and a half day at the job. He also stated that those taking up this type of program included mostly juniors and seniors.

Mr. Trimp explained that the school superintendent should appoint an advisory committee, consisting of a representation of business men, school board, and industry, and a coordinator. This committee would have to determine the policies of the apprenticeship program and act in an advisory manner. The speaker also stated that expense to the school board was not large.

Another matter taken care of by the board was appointing Miss Lucille Hartman as speech and dramatic teacher in the place of Mrs. Lucille Donivan. Miss Hartman has been teaching in Minneapolis, Minn. for the past three years.

Cornie Kragt of Maihofer, Moore and DeLong was voted to make the annual school audit.

Supt. E. E. Fell stated that it would not be possible to invite the public to commencement exercises of the high school, because of the large number of graduates this year. There are 260, and exercises will be Thursday night, June 22. Baccalaureate services are to be Sunday at 2 p. m. in Hope Memorial chapel.

Another important question brought up was the matter of a speech correction department. Miss Minnie K. Smith, principal of Junior high, had already informed Mayor Geerlings, secretary of the board, that several students stuttered and stammered. Many parents also had sent in requests that something be done to correct the speech defects of some of the children. This matter was given further consideration when C. Van Riper, professor in the department of speech correction at Western State Teachers college, Kalamazoo, spoke on this subject before the Holland Rotary club recently. The board voted to establish such a department.

Finally, claims amounting to \$35,665.48 were approved, and the meeting was closed with prayer by Mayor Geerlings.

Mrs. A. Jabaay and Mrs. W. P. Staal entertained with a miscellaneous shower at the Staal home on W. McKinley St., Zeeland, honoring Miss Grace Prince of Holland, formerly of Zeeland, who is a bride-to-be. Those present included Misses Hattie Blauwkamp, Grace Evelyn Kleinjans, Katie Staal, and Gertrude Staal, all of Zeeland; Misses Cathryn and Anna Prince of Holland; Miss Dorothy Prince of Grand Rapids; Mrs. Cyrus Van Halstma, Mrs. Joe Wadyk and Mrs. George Kleinjans of Zeeland.

Born to Mr. and Mrs. Gerrit De Groot, 635 Michigan Ave., a daughter.

Blame Red Fox For Chick Loss

A certain sly fox somewhere in Kalamazoo county likely is reduced laughing at efforts to control his chicken killing raids.

Nearly 100 half-grown chickens on the Kellogg demonstration farm operated by Michigan State College near Augusta have had their heads or throats ripped off by the marauder. Although he times his early morning raids almost by the clock, the fox is "just too smart" in the opinion of C. M. McCrory, farm superintendent.

Listen to this and decide whether to laugh with the fox or sympathize with McCrory:

Monday, May 22, 31 small chicks either had their heads lopped off or their breasts torn at 4:10 a.m. in early dawn. Some were buried with their feet sticking out of the ground, evidently so that Mr. Fox could return for them if live ones were not later available.

Tuesday, May 23, farmhand watched flock and no damage resulted. Wednesday, May 24, farmhand stood at west end of coop with loaded shotgun. No sound in early dawn except squawk of a goose on the nearby wildlife sanctuary. Yet at south side of coop the fox left 22 dead chicks, caught

as they came out of the chicken house.

Then for six nights a watch was maintained and no fox showed up to reward the marksmen. McCrory spent two of those nights perched on the ridge of the chicken coop.

The watch was relaxed and the fox came back to get more chicks. Latest on the farm is the erection of an automatic carbide gas expander. This is set up on a tall pole and timed to explode at intervals. The device has proved successful in scaring birds away from ripening fruit in Michigan orchards, but this is its first appearance in early dawn fox patrol. McCrory is hoping for no more raids.

Memorials Presented By Holland Seniors

The Holland High school senior class presented its memorials to the school Thursday. President Cecil Bacheller made the presentations, which consisted of sound motion picture projector, a screen, accessories and two cameras for still pictures; a bust of Louis Pasteur, a large silk American flag and a speaker's stand.

GOVERNOR SIGNS TRAFFIC MEASURE

Governor Dickinson placed his signature on a traffic measure that will take effect 90 days after sine die adjournment of the legislature. This law will prohibit right hand turns on red lights throughout the state and fix the speed limit on trunk lines within municipalities outside of business districts at 25 miles per hour.

According to Rep. Nelson A. Miles, this ruling will be effective in Holland, because all traffic lights are located on trunk lines.

Holland Furnace Co. Plane to Take J.C.C. Delegates to Convention

The national convention of the United States Junior Chamber of Commerce is to be held in Tulsa, Oklahoma, June 18 to 25, and members from Holland who plan to attend are President Ray J. Krone-meyer, former President James D. Boter, Howard Lillard and Harold Nienhuis.

The Holland Furnace Co. has offered the use of its Stinson cabin cruiser, which will be piloted by C. E. Smith of Holland. According to reports, the plane will leave the Park township airport on June 20, and the group is expected to stop at St. Louis, Mo., the national headquarters of junior chamber. Members of the national headquarters are expected to meet the Holland delegation.

A delegation from other Michigan chapters of the junior chamber and some national officers will meet the local delegation at the airport in Tulsa. The state board of directors also voted to meet them at the airport and escort them into Tulsa.

At the convention prizes will be given for the most original and impressive special costume or best identification of a local organization. The local folks intend to take Dutch costumes. The Holland Furnace Co. is also furnishing souvenirs of Holland to be distributed at the convention. The convention song leader will be George Campbell of Cincinnati, Ohio, and his pianist will be Miss Angeline Smits of Grand Rapids. George Schulling, general chairman, presided at the meeting to which local pastors were invited. Reports were given by various committee chairmen.

RIGHTS RESTORED TO SPANISH WAR VETERANS

Hospitalization, domiciliary care and burial rights, of which Spanish-American war veterans were deprived by the Economy Act of March 20, 1933, have been restored to all veterans of that war who saw service between April 21, 1898, and July 4, 1902.

This amendment was made today by Commander Wojahn, Henry Walters Post No. 2144 Veterans of Foreign Wars of the United States. H. R. 2320, the bill providing for the restoration of the benefits, was signed by the President on May 3 and is now Public Law No. 62, Commander Paul A. Wojahn has been informed.

The bill, which will apply to veterans of the Spanish-American War, the Philippine Insurrection and the Boxer Rebellion, will cost approximately \$135,000 for the first year, it is estimated.

Funeral services for Lois Ann Dogger, three-year-old daughter of Mr. and Mrs. Simon Dogger, route 1, Holland, were to be held this Thursday afternoon. She is survived by the parents, the maternal grandmother, Mrs. Gerrit Vanden Brink of Holland. Rites were to be performed at 2:30 from the home. Interment was to be in Graefschap cemetery. Friends were privileged to view the remains Wednesday afternoon and evening.

Dr. and Mrs. William Winter are on a week's trip to Williamsburg, Va.

Prize Winning Essay Printed In This Issue

**MAURICE DAMS, SENIOR HIGH,
GIVEN VFW AUXILIARY
PRIZE IN DISTRICT**

The essay of Maurice Dams, senior in Holland high school, who won the second prize of \$5.00 in the Holland contest, was awarded first in the district contest, according to Mrs. Leah Lampman, of Hart, Michigan, district president. The district includes Ottawa, Muskegon, Kent, Oceana, and other counties in the middle state belt.

Among the district judges there was a regular circuit judge and also a Catholic priest besides others in the party who passed judgment on the final essays.

The Holland man did not get the state award, since that has already been awarded to a contestant in another district.

Rather unusual was the fact that Marvin Vander Vlies of the Holland Christian high won first in the local contest, receiving a prize of \$10 in cash. Richard De Ridder, also of that same school, won third, with \$2.50 in cash.

A group of Veterans of Foreign War Auxiliary members went to Holland high school to present Maurice Dams with the prize he won in the seventh district contest. He was presented with modernistically designed book ends. Libby Parsons made the presentation speech. This contest was sponsored by the Henry Walters Post VFW auxiliary.

The essay by Maurice Dams follows below:

AMERICANISM—HOW BEST TO ACHIEVE IT

My Maurice Dams

"Americanism is an unending love of country; loyalty to its institutions and ideals; eagerness to defend it against all enemies; undivided allegiance to the flag; and a desire to secure the blessings of liberty to ourselves and posterity."

Americanism is based on the principles of self-government, as established by the makers of our Constitution. They believed that the people are the ultimate source of power, and that the government receives its power from the people. Thus the government can only have as much power as the people give to the government. The powers of the government were divided into three branches, and each branch was provided with a check on the other branch. This was done so that unlimited power would not be placed in any one political unit. The government was so constructed that it would be conservative. Americanism is also a spirit of conservatism. Conservatism checks growing radicalism, and helps to destroy the many other "isms" of the modern world.

Americanism stands for the hope of humanity, the longing for liberty and justice. Americanism stands for democratic principles: the freedom of the individual and the right of every person to freely express himself on all subjects. Each person must have equal opportunities in industrial, religious, civil, and political life. Americanism stands for the tolerance of all creeds and religions. Everybody must feel free to support any religious creed without fear of doing himself harm. The church and state must be separated, and remain separated if Americanism is to continue.

The individual is given much freedom in America, but each person must learn how to use that freedom properly. As Americanism stands for tolerance of all races, foreign-born Americans also share in this liberty. Native Americans do not always give the foreign-born Americans the same opportunities as they offer to native Americans. The people who have come to America from other lands must give their full allegiance to the United States, and they must not love their fatherland more than they love America.

Americanism is the spirit of optimism. It is the spirit of brotherly love, a spirit that shares all things: ideals, realities, dreams, hopes. Americanism is the spirit that meets a challenge and a spirit that wants to help.

Americanism is not something that is physical: it is "an attitude of the mind, the way we look at the things that make us Americans." Americanism must not be merely a catch phrase, it must be an outward display; but it must be the expression of the heart.

It is possible to preserve true Americanism for future generations, but only if the people realize the forces that confront them today. Many other "isms" are seeking to get followers, and are getting them, too. They do not care for the principles of Americanism, but they do care for American government as we have it today. The people of the United States must be united in purpose. They must all strive for the cause of Americanism.

Americanism will continue to thrive if the youth of today grasp the real meaning and the real significance of the American customs and ideals. The youth of today must study such documents as the Declaration of Independence, Lincoln's second inaugural address, and the Constitution. If he truly understands the philosophy of these documents he has an understanding of the principles of Americanism. The youth of our day must be guided in his search for an understanding of America and its ideals, because youth unaided would fail to grasp the meaning of the American philosophies, and thus would fail to find the spirit of true Americanism.

When the youth of today have gotten the spirit of America they will carry it with them as they grow older. They will spread the new inspiration which they possess. As the youth of today becomes the man of tomorrow he will incul-

Three School Board Members To Be Elected

**CANDIDATES MUST FILE PETI-
TIONS WITH SECRETARY
GEERLINGS BEFORE
JUNE 26**

The annual election held for the purpose of electing new board members will be held on Monday, July 10, at which time three members are to be elected, or re-elected as the case may be. Several months ago, George Mool left the city to make his home at Eagle Crest on Lake Michigan, and this forced him to resign as member of the school board. The board at that time thought it advisable to leave the place vacant since the election would take place in July, at which time the voters could fill the vacancy of the board appointing a member to take Mool's place.

The terms of two members expire; namely, that of Albert E. Van Lente, who has completed his first three-year term, and that of John Oler, who has completed his second three-year term. Both will be candidates for re-election.

Secretary of the Board, Mayor Henry Geerlings, states that those who intend filing petitions for these offices must file the petitions with him before Monday, June 26. Requirements are that the person must be a Holland resident who is a taxpayer and owns property in the city and the petition filed must contain the names of at least 50 signers.

Trustee William Arendshorst was appointed by Fred Beuwkes, president of the Board, to represent the board on the election board. Other members will be appointed later.

BOATS LEAVE HARBOR AT MONTELO PARK FOR SUM- MER CRUISE

The harbor at Montello Park looks a bit vacant and lonesome today since all the large boats which winter there have gone.

The South American left a few weeks ago, and this week saw the departure of the North American which sailed just after midnight on Tuesday, and also that of the S. S. Alabama which left the local harbor at 8 p. m. Wednesday. The North American is being chartered by the Michigan Elks for a cruise on Lake Michigan Friday, the cruise being one of the features of the convention being held at Muskegon.

The Alabama made her first trip to Chicago, and will be used by the Grand Rapids Association of Commerce for its annual goodwill cruise next week. Captain of the Alabama is Morgan Edgcomb of Saugatuck.

HOLLAND TAXES TO BE HIGH- ER THIS YEAR

The Board of Review at a meeting held Tuesday in the office of City Assessor Peter H. Van Ark approved the tax rate as set for 1939, and after taking care of a few other matters which came before the meeting, adjourned for the year. The tax rate as approved by the board for this year will be higher than the rate of 1938, the new rate being \$30.31 as against \$28.56 for the year 1938. This is an increase of \$1.75 per thousand over the previous year. Of this, \$16.90 is for city and \$13.41 is for school taxes.

Of the city tax rate, \$15.88 is for the city debt service to raise \$18,000 and \$15.32 is for the general tax to raise \$175,000.

Of the school tax rate, \$3.51 is for debt service to raise \$40,000 and \$9.90 is general tax to raise \$113,089.58.

The 1939 summer taxes fall due July 3 and are payable up to Aug. 15.

Fred W. Reus suffered a light skull fracture and body bruises when he fell down a flight of stairs. He was holding his five-year-old daughter, Marion Gayle, and she received slight bruises. Mr. Reus is confined at the home of his mother-in-law, Mrs. William A. Jansen, route 6, Holland.

He has ideas of Americanism into his home. As he rears his family, which is "the foundation stone of our national life," his children will become instilled with Americanism. As these children become of school age they will be influenced along the right line by their teachers, and the teachers will also know true Americanism.

Therefore the great problem to be taken care of is this: to lead and teach the youth of today along the path of true Americanism. As he realizes the importance of Americanism he will spread the spirit of true Americanism to all people.

NEW YORK DIVINE WILL BE A KEYNOTE SPEAKER AT CONVENTION

Dr. Norman Vincent Peale of New York city, who is scheduled to preach the baccalaureate address at Hope college Sunday evening and who will deliver the keynote address at the opening meeting of the Michigan Christian Endeavor convention here June 22, is a young man with a great deal of experience in Christian work.

He was born in Ohio on May 31, 1898. He was graduated in 1920 from Ohio Wesleyan university and received the degree of Master of Arts from Boston university and bachelor of sacred theology from the Boston University School of Theology in 1924. Honorary degrees have been conferred upon him as follows: D.D., Syracuse university 1931; D.D., Ohio Wesleyan university, 1936; and D.D., Duke university in 1938.

Prior to entering the ministry Dr. Peale was a reporter on the Detroit Journal. He began his ministry as pastor of the Methodist Episcopal church of Berkeley, R. I., in 1922 and continued there until 1924.

He then became pastor of the Kings Highway Methodist Episcopal church in Brooklyn, N. Y., where he began with a membership of 40, meeting in an outworn, dilapidated wooden structure. Three years later the membership was in excess of 900 meeting in a church building worth \$150,000. The Sunday school grew from less than 100 to an average attendance of 700, becoming one of the largest Sunday schools in the metropolitan area. In 1927 he accepted a call to the University Methodist Episcopal church of Syracuse, N. Y. For four years Dr. Peale conducted a religious radio service each Saturday night known as "The Angelus Hour" from the radio station in the Syracuse hotel.

In the summer of 1932, Dr. Peale accepted a call to the Marble Collegiate church, 5th Ave. and 29th St., New York city, succeeding Dr. A. Poling (also a headline convention speaker) in that pastorate. The Marble church is the oldest Protestant church in America, being now in the 310th year of its history. It is a landmark on Fifth Avenue, the oldest church on that thoroughfare, and is one of the most famous sanctuaries of the city.

Christian faith. This church is especially noted for the fact that it has what is said to be one of the largest prayer meetings in New York and one of the really large evening services in the East. The church auditorium is regularly filled for the Sunday night service, portions of the balconies being given over entirely to young people.

Dr. Peale is a special lecturer on preaching at the New Brunswick Theological seminary, New Brunswick, N. J. He is the author of two books, "The Art of Living" and "You Can Win."

At the time Dr. Peale received the call to the Marble church he was also invited to become pastor of the First Methodist church of Los Angeles, Calif., the largest Methodist church in the world. This he declined, feeling that New York offered a greater opportunity as the battleground for modern Christianity.

"Aims for Life" was the subject of Dr. Walter Van Saun, guest speaker at a meeting of the Epworth League of the Methodist church Sunday evening. Devotionals were led by Heath Goodwin, and John Benson led the Institute choruses. Twenty-five graduates of high school, colleges, and universities were guests.

UNIDENTIFIED DRIVER ES- CAPES AFTER POLICE CAR WRECK

The police cruiser, being driven by Police Officer Jay Dalman, who was accompanied by Officer Rance Overbeek, had a mangled front end, damaged radiator, and bent front fender and front axle after being involved in an accident on River Ave. near Eighth St.

The police officers were driving south on River Ave., near Fifth St., and another automobile turned on River Ave. from Sixth St. without stopping for the through street. He was going at a high rate of speed, and made a long turn. In attempting to get into the place, he swung too far toward the left, and did not go back toward the right side.

Officers Dalman and Overbeek then gave chase, and when they sounded the siren at River Ave. and Seventh St., the driver, instead of stopping, took the curb as the officers motioned for him to do, bent over the steering wheel and drove toward the police car.

In order to avoid hitting his car, the police officers turned to the left, jumped the curb, and knocked over a boulevard light standard. The driver of the other car then made his "get-away" down Eighth St.

The officers were unable to read the license number, and were not positive if the color of the car was blue or gray.

Paul Writes Personal Letters—2 Timothy 1:16; Philimon 1-7, 21, 22.

Henry Geerlings

It could not be said that we have made anything like an exhaustive study of the life and works of the apostle Paul if we did not take time to look into his vast correspondence. He seems never to have forgotten a man when he had led him to Christ, nor did he forget the congregation that he had founded through the preaching of the gospel. How he kept all these people and interests so near his heart is a mystery. The answer, however, is near at hand if we remember how big and warm and concerned his heart was. Especially he was interested in those individuals who held responsible positions in the leadership of the church.

The story of Timothy tells of his early training, of his special teaching by Paul, and of his experience in growing into a good minister of Jesus Christ. He was fitted for the distinctive call which made him Paul's helper and later, a minister, trusted with the oversight of churches. He was prepared for his place in the church by his home training, and by particular training. These agencies are still called upon to prepare persons for work in the church. Young people have exceptional opportunities for training today.

Paul could trust Timothy with enlarged work for the church. Many prayers had been said on his behalf. So satisfactory was his work that Paul wanted to see him. Back of Timothy was the example of home folk, a devoted grandmother and mother. He had under him a well-laid foundation. He had been brought up in the Jewish church, and as a Christian, he had stood on the truth of God's word.

In matters of religion the Christian church and the home are one in aim. For this reason there ought to be the closest cooperation between the two institutions. The home and the church must cooperate in religious and moral education because education is not a thing of one place and one time, but a matter of all places and all times. It is constantly at work. Where the child is, there his education is going on.

Paul's letter to Philimon is very personal. It was written from prison in Rome and was sent to Colossae. It deals with entirely private matters. Nothing in it suggested that it would be read by anybody but Philimon. Least of all was it prepared as a part of the New Testament. But when the writings were collected for inclusion in the New Testament, this

Mr. Kalkman further stated that he did not expect there would be any such expenses involved for getting out these plans.

Motions and Resolutions

Ald. Menken reported that he had received complaints in regard to the traffic problem on 24th st. near the Baker Furniture Co. due to the fact that this is a narrow street and cars park on both sides which leaves little room for trucks and other cars to pass. It was his recommendation that along the worst congested area, parking be permitted on only one side of the street, and suggested this be referred to the Police Department for attention.

Adopted.

Ald. Raymond reported on behalf of the Playground committee that many complaints have been received on account of the rough cinders along the front of the grandstand, the complaints being that patrons often scuff up their shoes quite badly in walking through these cinders. Adopted.

since hearing the Annual Report from the Library Board, he was of the opinion that something should be done to give them more space, and it was his thought that inasmuch as the Board of Public Works is now constructing a new plant, it might be possible for them to provide space for their offices at the new plant and thereby release the space they are now occupying in the City Hall for the use of the library.

Ald. Vandenberg recommended that a committee from the Board of Public Works, Library Board and the Council have a meeting to consider this possibility.

Adopted. Mayor appointed as such committee from the Council: Ald. Vandenberg, Ketel and Steffens.

On motion of Ald. Prins, 2nd by Kleis, Council adjourned until Friday, June 9, 1939, at 5:15 p. m. for the purpose of receiving recommendations from the Board of Public Works on awarding Contract No. 5 for electrical equipment on the new Electric Generating Plant.

Director of A&P Kitchen

BEEF prices are now lower than they have been in a year, making it the best meat value with the possible exception of pork loins. Poultry is relatively even cheaper including ducklings, heavy fowls and young chickens. Butter, cheese and eggs are the same reasonable. Most fish and seafood items are inexpensive.

Dry weather is beginning to affect the growth of some foods on the eastern seaboard, particularly asparagus, berries. Most varieties of berries, sweet cherries, apricots, peaches, plums and melons are now in market. Apples are nearly gone, grapefruit and oranges are less plentiful and banana supplies very little but all are adequate to meet the demand.

Salad and vegetable supplies are generous at attractive price levels.
